MARC and Cyclepoint are partnering up for an eRecycling event.

Together reducing e-waste-and creating jobs for people with significant disabilities.

Do you have any old electronic devices hanging around? If so, what are you going to do with your old equipment? We have the solution!

MARC offers a full suite of electronic recycling services, managed securely and professionally. MARC provides a convenient, environmentally conscious process for disposing unusable electronics and ensures compliance with government regulations, industry standards and corporate policies. Working with MARC, you'll be supporting your communities as we employ people with significant disabilities who live and work in the communities that your business serves.

MARC, part of the CyclePoint from SourceAmerica network, will hold an eRecycling event on Saturday, July 30, 2016 From 9am-1pm at 805 Forward Dr, Madison. MARC encourages participants to bring their e-waste including surplus laptops, cell phones, LCD monitors, and PCs. For a full list of items that can be eRecycled, visit www.marc-inc.org. Support MARC and the environment by sharing this information with your friends, family and businesses clients.

About MARC

MARC is the largest provider of community and center-based employment and day services for adults with developmental disabilities in Dane County. We emphasize the importance of choice, the joy of work and the power of compassion. Now more than 60 years old, MARC enhances the lives of more than 300 adults at five locations at more than 130 community-based job sites.

About CyclePoint from SourceAmerica.

CyclePoint™, powered by SourceAmerica®, is a new eRecycling network that offers communities all across the U.S. convenient, safe and secure electronics disposal. Its mission—to employ people with significant disabilities—makes CyclePoint both a great service and a great cause.
