Review Natural and Cultural Resources Chapter of Comprehensive Plan-

The plans were not finished in time for our meeting. It will be reviewed in February.

Review Official Map of the Town of Verona-

The map did not show correctly the National Scenic Ice Age Trail location. Attached is a map with the correct location and NRAC desires that points A to B and C to D be connected. All the other current and proposed trails should be kept on the map. A buffer between the cities would be desirable.

Landscaping at New Town Hall, Prairie Grass Status-

Discussion about parking overflow area reducing the prairie was discussed. Seeds that were collected are still at Lonsdorf's home. Professor Morrison has agreed to do the planning for not more than \$2,500, but the Town has not decided on whether to use his expertise or not.

Proposed Planning Districts-
