

## Volunteers are invited to HELP!!

*"It's not often that you get a chance to plant something that will last forever. This is a big planting and we're looking for a lot of help—50 people would be great!"* David Lonsdorf

*"All ages are welcome!" "Prairie planting is a great activity for families and 'kids' of all ages, because it is easy to do and represents a tremendous investment in the future. Volunteers will be able to come back year after year and watch the prairie develop, and take pride in their participation."* Doug Maxwell

## Event: Town of Verona Prairie Planting

When: Saturday, Nov 4, 2017

Where: 7669 County Highway PD

Times: 10am to 12pm AND 1pm to 3pm

*LUNCH will be provided in the Town Hall Community Room.  
(Volunteers can come for one or both sessions.)*

*Town Chair Mark Geller conceived of the idea as a way to help Town residents appreciate our native plants, and to encourage to possibly plant on your own land. Almost \$5000 worth of seeds will be used in the planting, with the vast majority of it donated or collected by Town residents.*

***If you would like to volunteer, please contact Tammy Dresser at [tdresser@town.verona.wi.us](mailto:tdresser@town.verona.wi.us) or call the Town office at 845-7187.***
