### **Woods Road Reconstruction (County Trunk Highway PD to 850 feet north)**

Reconstruction is set to begin on Woods Road from County Trunk Highway PD to 850 feet north on June 5, 2019. The project consists of the pulverizing, regrading, and repaving of the entire roadway. The road has suffered severe damage from the winter and spring weather, and been the frustration of many users. In order to safely and efficiently reconstruct the pavement, it is anticipated that Woods Road will be closed to all traffic on June 5, 6 and 7, 2019. Woods Road will re-open on June 8, 2019, weather and material permitting. Motorists and other road users are advised to seek alternate routes during the construction period and use caution in the area.
