Summary: The property owner is applying for a CSM to create a 3.1-acre parcel and subsequent rezone from AT-35 to RR-2. The remainder of the parcel will remain in metes and bounds with no change to the zoning category.

Location Map

Comprehensive Plan Guidance:

Land is currently zoned AT-35 and is shown as Transitional Agriculture on the Future Land Use Map from the Comprehensive Plan. A rezone from At-35 to RR-2 would not significantly change the use of the parcel as the RR-2 designation would encompass the existing residence and accessory buildings. The remainder of the parcel would remain in metes and bounds. The rezone would allow the applicant to sell the larger portion of the parcel, separate from the residence.

Current and Proposed Zoning: The current zoning is AT-35. The new zoning would be RR-2.

Extra-territorial Review/Boundary Agreement Authority: Joint Committee provisions for review apply to “land remaining in the Town and located in Areas A, B, and D.” This parcel is in Area B and will be subject to review/approval of the JPC.

Surrounding Land Use and Zoning: The property is adjacent to one RR-2 parcel to the west and farm/agriculture uses on the north and east side. The parcel is currently farmed and no changes are expected in that use.

Site Features: None of significance.

Driveway Access: Access to the site is provide via existing driveway off of PD and will not change.

Staff Comments: Staff recommends approval of the rezone.

RE: **Ordinance Amendment 2022 OA-044 regarding conditional use permit appeals**

REC'D
NOV 17 2022
TOWN OF VERONA

Ordinance Amendment 2022 OA-044, regarding conditional use permit appeals has been introduced by the County Board. The Zoning & Land Regulation (ZLR) Committee will hold a public hearing on OA-044 on December 13, 2022 at 6:30 pm. Instructions for attending the hybrid meeting are included on the public notice.

As an amendment to Chapter 10, towns have the option to review and take action on the amendment. While town action is not required, if it is taken, it must be submitted within 30 days of the County public hearing to be counted. Any town action on OA-044 is due by January 12, 2023. Please direct any questions to Hans Hilbert at 608-266-4993, or hilbert.hans@countyofdane.com.

I. Summary

Based on input from the Board of Adjustment, Corporation Counsel, and the Dane County Towns Association, Dane County Planning and Development staff have prepared this ordinance amendment to provide for appeals of approvals or denials of conditional use permits to circuit court rather than the Board of Adjustment, and provide a certain time for commencement of a conditional use and correction of violations of conditions.

- A. Since 2016, the Board of Adjustment is responsible for hearing any appeal of the decision of the Zoning and Land Regulation Committee related to the approval or denial of a conditional use permit. In 2017 the Wisconsin Legislature adopted Act 67 providing that, *"If a county denies a person's conditional use permit application, the person may appeal the decision to the circuit court under the procedures contained in s. 59.694 (10)"*. This amendment allows appeals directly to circuit court as provided for by state law.
- B. Under the current ordinance, the recipient of a CUP is afforded a "reasonable opportunity" to correct violations of any condition of a CUP before the Zoning Committee may revoke the permit. This OA replaces "reasonable opportunity" with a defined 30 days.
- C. Prior to 2018, if a CUP was issued and the use was not instituted within the following year the permit became null and void. The comprehensive rewrite of Chapter 10 omitted this language. This amendment restores the expiration of conditional use permits that fail to be instituted within 1 year.

II. Timeline for town action

Town action on the proposed ordinance amendment must be provided to the County within 30 days of the County public hearing on the amendment. While it is good practice for towns to take action on text amendments to Chapter 10, it is not required.

Town officials, please review the enclosed ordinance amendment text and submit a Town Board action report by January 12, 2023. You may complete the enclosed form and submit it by mail or fax, or you may utilize the online reporting tool available on our website at <https://danecountyplanning.com/Town-Information-Page>.

County zoning withdrawal timeline with referendum on the April 4, 2017 election ballot

Example shows the schedule for earliest possible opt-out of county zoning (1/2/17) using referendum

The purpose of this diagram is to show the statutorily required process for a town to withdraw from Dane County zoning in 2017. The process involves the following sequence of events: 1) Town board provides 180-day advance notice of town's intent to withdraw from county zoning ; 2) Town board adopts a zoning ordinance, comprehensive plan, and official map; 3) Town board formally enacts ordinance opting out of county zoning; 4) The enacted opt-out ordinance is voted on at either the town annual meeting or in a referendum called by the town board for that purpose at the next spring or general election. This diagram shows the process utilizing a referendum on the April 4, 2017 ballot. Due to requirements associated with the referendum, the 180 day notice of intent would need to be provided as late as October 20, 2016.

This diagram does not include steps that a town would need to take to transition to its own planning, zoning, and land division administration and enforcement. At a minimum, this would entail budgeting and contracting for planning/zoning/land division administrative services ,establishing town procedures (forms, fees, schedules, records maintenance, enforcement, etc.), establishing a record of lawful land uses in existence at the time of transition, and coordinating procedures with Dane County for regulations the county will continue to administer (shoreland / floodplain / wetland zoning, erosion control / stormwater management, rural addressing, land/subdivision review in shoreland/floodplain areas, rural road naming, sanitary permitting, etc.).

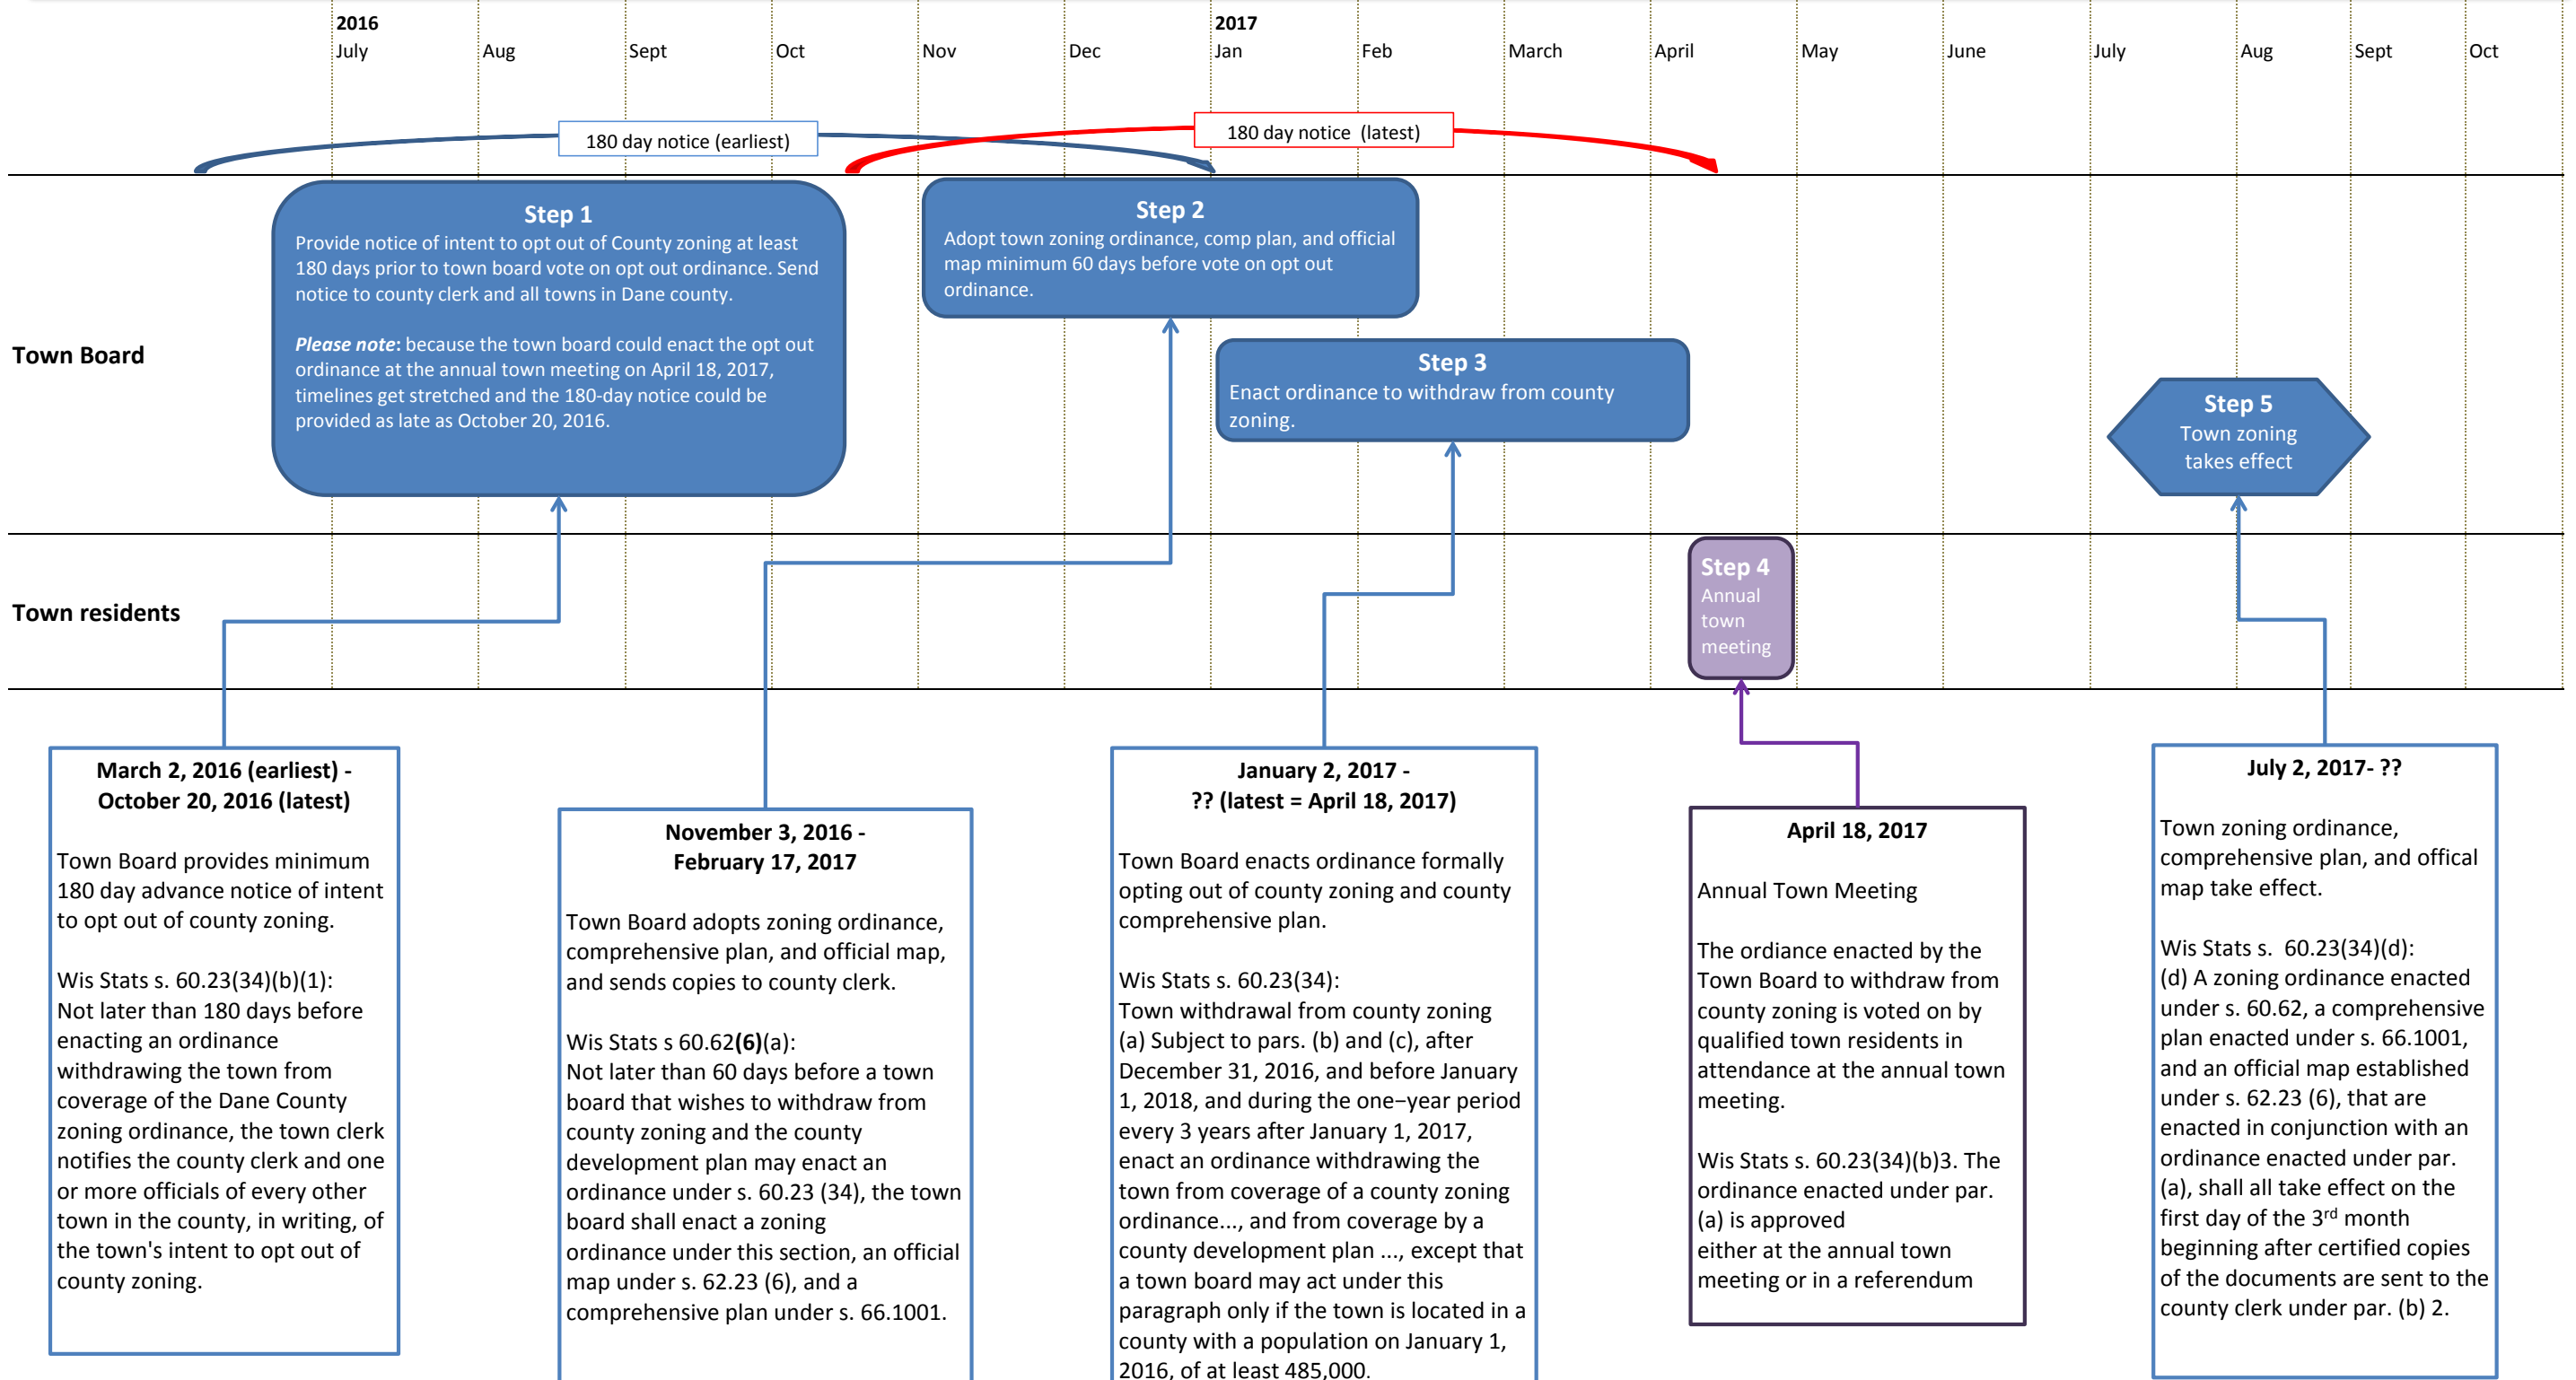

County zoning withdrawal timeline, with vote at annual town meeting on April 18, 2017

Example shows the schedule for the latest possible opt-out of county zoning in 2017

The purpose of this diagram is to show the statutorily required process for a town to withdraw from Dane County zoning in 2017. The process involves the following sequence of events: 1) Town board provides 180-day advance notice of town's intent to withdraw from county zoning ; 2) Town board adopts a zoning ordinance, comprehensive plan, and official map; 3) Town board formally enacts ordinance opting out of county zoning; 4) The enacted opt-out ordinance is voted on at either the town annual meeting or in a referendum called by the town board for that purpose at the next spring or general election. This diagram shows the process utilizing the town annual meeting. Because the town board could also vote on the opt out ordinance at the annual town meeting, applicable timelines get extended and the 180-day notice could be provided as late as October 20, 2016.

This diagram does not include steps that a town would need to take to transition to its own planning, zoning, and land division administration and enforcement. At a minimum, this would entail budgeting and contracting for planning/zoning/land division administrative services , establishing town procedures (forms, fees, schedules, records maintenance, enforcement,etc.), establishing a record of lawful land uses in existence at the time of transition, and coordinating procedures with Dane County for regulations the county will continue to administer (shoreland / floodplain / wetland zoning, erosion control / stormwater management, rural addressing, land/subdivision review in shoreland/floodplain areas, rural road naming, sanitary permitting, etc.).
